THE SENATORIAL SELECTION

Mt. Pleasant, Mich., July 19, 1916
Editor:—

The time is approaching when we must select the candidates for state senator to be voted on in November and they should be chosen with justice and judgment. The candidates on the Republican ticket are in the field. Newell Smith of Gratiot county and myself. I have held the office for one term.

Which of us will more nearly and truly represent the best and most advanced sentiment of the people in temperance or anti-liquor legislation which will surely be a prominent feature in the 1917 session of the legislature? The records in the 1915 session shows where I stood. The vicious so-called Home Rule movement, inaugurated by the brewers and saloonists, is sufficient proof that the wets are alive and active and are to be reckoned with. No man who can be justly suspected of being in sympathy with or who in any measure represents that proposition, whose object is to destroy all that the people have gained against the saloon in years of strenuous efforts, should receive the support of good citizen, who believe in advance and not retrogression in this vital matter. I have no desire to charge nor to insinuate that Mr. Smith is favorable to the liquor interests for I do not know his sentiments. I am speaking in general terms that apply to all candidates for various offices. Furthermore, it is customary to accord a man two terms in an office if he proves to be capable and faithful and there appears to be no good reason at this time and in this instance for departing from this custom. Another thing the senatorship does not rightfully belong to Gratiot county this coming term, a fact that has been recognized by some who might otherwise have announced their candidacy. You will remember that Senator King occupied the office during 1913 and 1914 and might have had another term if he had not voluntarily relinquished it. Let us look at the situation just as it is and act fairly and for the best interests of the county and district. John A. Damon

FOR STATE SENATOR

I respectfully announce to the Republican electors of the 25th district that I am a candidate for nomination for the office of State Senator at the August primaries.

You are familiar with my record during the present term and if my services meet your approval I should be glad to have your continued confidence and support.

Political Adv. 45t John R. Damon

POLITICAL ANNOUNCEMENT

I make this announcement that I am a candidate for nomination for Representative at the August primaries. You all know the work and service I gave you while I was your county clerk, and I promise you if nominated and elected I will serve you to the best of my ability.—Adv. 47-2w Richard E. Hughes

FOR THE LEGISLATURE

Through the earnest solicitation of my friends I have decided to announce my candidacy for the nomination of Representative of the State Legislature on the Republican ticket. I have been a life long Republican and feel that I am capable of representing the people of Gratiot county. I solicit your support.

Political Adv. Walter C. Mallory.

HON. G. J. DIEKEMA
HOLLAND, MICH.

1901-1907—Member of Spanish Treaty Claims.
1907—Elected Congressman from Fifth District, served two terms.

DESERVES YOUR SUPPORT

Political Adv.

JUDGE POTTS CANDIDATE

Being led to believe, by the little effort required to get signatures to my nominating petitions, that the people are willing that I should be elected to the probate office for another term, I have filed the petitions and announce myself a candidate.

Thanking you most sincerely for the honor conferred in 1912, by entrusting the cares and responsibilities of this important office in my hands, and pledging myself anew to do my best in its management if re-elected, I remain, Sincerely yours, J. Lee Potts.

REALTY BUSINESS INCREASES

(Continued from page one)
factory feature about the house building boom is that homes are being erected that are attractive in size and architectural design. It has been the experience of most small towns that during building booms the majority of houses have been poorly constructed and of a style that detracts from the beauty of the city. While there are a few houses going up in the west part of the city the actual enterprise is being conducted in the east end in close proximity to the factory center. Alma Heights is getting its usual quota, there being perhaps twenty homes in the process of construction in that district. The second ward has a few scattered around, but the first ward out number every section of the city, over sixty just completed and building.

The construction of homes is being pushed with all haste, but thus far has not reached a point where everybody can find dwelling places that are suitable to their needs. To answer the purpose until houses can be completed one real estate firm has pitched several tents on its lots in the east end and several families are now enjoying the pleasure of camping out, although living in the heart of the city. The families state that for a short time the experience is delightful.

COUNCIL NEEDS CASH

(Continued from page one)
installation of necessary equipment connected with the plant.

The council proposes to bond the city for the entire amount and are positive that the people after understanding the great need for the improvements will be willing to under take the proposition. It was stated at the meeting Tuesday that by issuing bonds for the proposition the burden is spread over a term of years and the future residents of the city will have to share in the expense the same as the present citizenry. It was also pointed out that by selling bonds the money would be on hand and could be used as occasion demanded. Under the present system the city allows the council so much money for improvements on the water and sewerage systems and when that amount

has been expended there is no fund from which money can be taken for further extension.

If the city expects to keep pace with the growth in population steps must be taken immediately to meet the demands of the new-comers. Actual statistics show that the city has almost doubled its population since 1910. In every part of the city subdivisions are being platted and homes are being erected. People living in these homes want the same conveniences that can be had in other parts of the city.

The location of a city power plant and wells will have to be sanctioned by the State Board of Health and for that reason no definite place has been named. The Church addition is receiving considerable approval and will be suggested to the state board. In discussing the cost of the construction of buildings, stand-pipe reservoir and installing machinery, L. A. Gray, consulting engineer from the W. T. Sherman Co., of Toledo, said that \$20,000 would be ample for the new system. He separated the amount into the following items: Building, \$3,000; stand-pipe, \$7,000; machinery, \$5,000; reservoir, \$5,000.

The council will carry on an educational campaign previous to the date of submitting the issue to the people in an effort to show conclusively the needs and demands of the city.

ERECTING STORAGE BUILDING

Fortino Bros., wholesale and retail dealers in fruits, are erecting a storage building in the rear of their present fruit house on East Superior street. The building is constructed of hollow tile. Fortino Bros., have been in the city only a few months, but have succeeded in building up a wholesale and retail fruit trade that takes them into every city in the county.

- Is there any way on earth a dollar a week can serve you better?

"HOOSIER \$1 A WEEK BEAUTY"

Most Famous Cabinet In The World--Praised By 1,000,000 Women

Over and over again, the Hoosier Cabinets have won the highest honors American women can give. Seven out of ten Hoosiers have been sold through the personal recommendations of women who use and prize the Hoosier far beyond its low cost.

Hoosier won the gold medal at the Panama-Pacific Exposition, San Francisco. Its supremacy—already long conceded—was announced by the judges who found the Hoosier—

- First in number of practical conveniences.
- First in quality of material.
- First in standard of construction.
- First in perfection of design.
- First in units per dollar of cost.

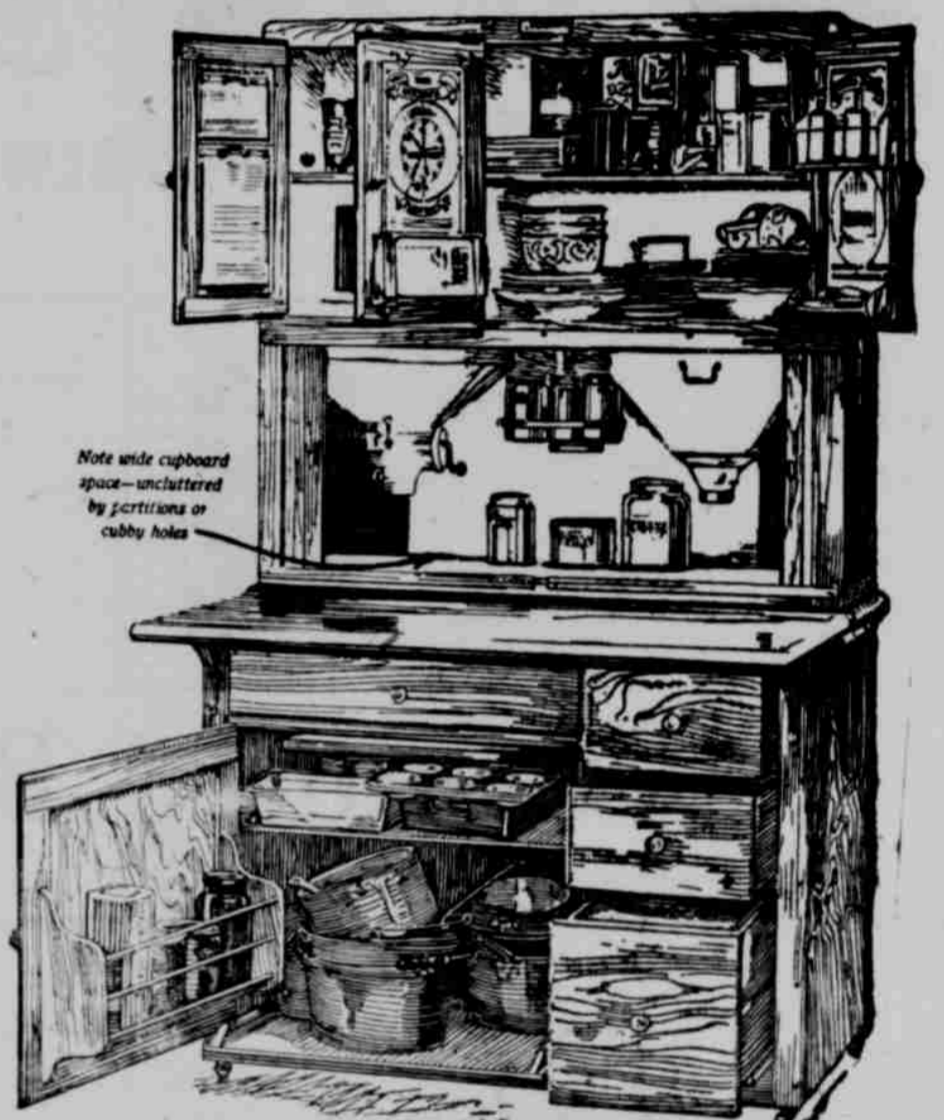

Only \$1 Puts This NEW HOOSIER in Your Home

Prices Will Increase When This Allotment Is Gone

Roll Door "Hoosier Beauty" Cabinet No. 1653, \$1 Cash, \$1 Weekly

May be had with Hinged Doors instead of Roll Doors above table space at no extra charge

- Ball-Bearing Casters.
- Size: Height, 71 1/2 inches; width, 42 inches; depth with table closed, 28 inches; opened, 39 inches.

This is the "ROLL DOOR HOOSIER" With the only sanitary, removable roll doors

Why Wish and Wait? You Need the Hoosier NOW and You Have a Right to It

IF MEN did the cooking there would be a Hoosier in your home already. What man would be content without a handy place for his tools and implements? Sooner or later you will probably get a cabinet anyway. Then why waste your energy—why waste your health, your time, your household supplies and your money by waiting until the prices go up?

Don't let this opportunity slip—at least investigate. There isn't a day you won't be glad if you do. Now of all times, you need the Hoosier to help you in your work and save you from spending long hours in a hot kitchen.

ON BUYING a "Hoosier Beauty" you buy but once in a life-time. So what if it costs a little more than some of our other models? You will never miss the small difference when you pay but \$1.00 a week for either style. But you will always be happy with the "Hoosier Beauty's" superiority, convenience and construction. Decide right now, at least, to give "Hoosier Beauty" a trial before prices go up.

You simply pay \$1.00. Then the cabinet is delivered to your home. "Your money back if you are not delighted." If you are satisfied, then pay the balance, only \$1.00 a week.
